The Goebel Law is the most fitting monument that GOEBEL could have.

The Goebels papers that started out to discipline Governor MOUNT of Indiana have butted up against a brick wall. The Governor was right and they were wrong as they usually are.

ACCORDING TO THE Cincinnati Court Index, the official paper of the Cincinnati Bar, TOM CAMPBELL is now undergoing his third investigation for crooked practices in the Courts of that city; and it is said "the third time charms."

ASKED what he would do if on a July to try a man who had helped another to steal \$24,000, a prominent Mayville Goebels said—
"Hang him, by God!"
"Then I presume you are in favor of hanging every member of the Legislature who helped BECKMAN to steal \$24,000 from Governor-elect TAYLOR," said the interlocutor.
But the silence of the Goebels bore the graveyard brand.

The suggestion made by THE LEADER some days since as to the advisability of nominating the Hon. JOHN W. YERKES for Governor has borne fruit. Notwithstanding the fact that Governor TAYLOR has suffered great outrage, both politically and personally, he should not be urged upon to make further sacrifices in behalf of his party. On the contrary, it is now the duty of the party to make some substantial provision for him; and to this end he should be provided with a Federal appointment where he may secure comparative rest and retrieve his broken fortunes, free from the annoyances which are inevitable to one occupying the position of Governor. So far as the honor of that office is concerned, history will accord him a place in the list of Kentucky's Governors, as one who bore himself most creditably under the most trying circumstances.

With Governor TAYLOR out of the way, the logical candidate is the Hon. JOHN W. YERKES, and to him the people of Kentucky now turn. THE LEADER believes that he would receive a majority of not less than 50,000 over any candidate that the Goebel Democracy might nominate, and it is safe to say that in November next it will be majority he cast for Mr. YERKES, that 50,000 majority will be counted as it was cast, in spite of the Goebel Law and in spite of the Poyntz, the Yontzes and the Fultons.

Heretofore, Mr. YERKES has persistently refused to allow the use of his name in connection with the Governorship, but he seems now inclined to yield to the popular demand, not only on the part of the Republicans of the state but of that potent factor, the Honest Democrats with the Danville correspondent of The Louisville Evening Post Mr. YERKES is quoted as saying:

"If Governor W. S. TAYLOR will accept a renomination," said Mr. YERKES, "and in the coming November election again make contest for the high office to which he was elected by the voters of Kentucky last November, then in my judgment his is the only name that he, or I, or any one ought to be, considered by the Republican State Convention."
"Should he positively determine that his health or other controlling reasons absolutely bar his candidacy, then we must at once consider most seriously all existing conditions, and their bearing on the most suitable man to assume leadership in this gravest state contest. No citizen can or ought to refuse a nomination given him by those who in 1900 will refight the battle of 1899 for our civil rights, political liberty, and an untrammelled suffrage."

Rheumatism is conceded to have its origin in a poisoned condition of the blood, and to be most successfully treated by Dr. HARRISON, who cures the kidneys and other blood purifying organs, thereby drawing the poisons out of the system. Price, 50 cents. J. J. Wood & Son.

Compare it with other local papers, and say if you can, that THE LEADER isn't the best, and that it doesn't give the most for the money. Can't you afford to have it sent at your residence for a month? Mr. Hal Curran will be glad to book your order.

Keasiah Lewis bought Alvin Buckner a lot on the Lexington Pike for \$1 and other consideration.

Train No. 1 of the C. and O. was two hours late this morning; but the eclipse of the sun came off on schedule time.

The Mason County Guards will resume their weekly instruction and drill this evening at 7 o'clock at the Armory.

Rev. and Mrs. Samuel Tate Evans yesterday celebrated the fiftieth anniversary of their wedding at their home in Dover.

Dr. Harry Steen of Ripley, a recent graduate of the Cincinnati College of Dental Surgery, will open an office in West Union.

Superintendent Lee B. Gray of the Maysville Electric Light Works was at Brookville recently inspecting the plant for that progressive town.

The Revs. F. W. Harrop and J. O. A. Vaughn, Mrs. Hainline and Miss Magie Bauer represented Mayville at the Epworth League Convention at Covington.

Following the decoration of the graves and the ritualistic service at the Soldiers Monument on Wednesday afternoon, the oration will be delivered at Dieterich's Grove by Hon. G. A. Gassner of Elmington.

KENTUCKY REPUBLICAN PLATFORM.

Adopted by the State Convention at Louisville, Thursday, May 17, 1900.

Important as are these questions of National policy, the Republican party in Kentucky is compelled to subordinate its other aims and purposes to the solemn duty of restoring the right suffrage to the people of this Commonwealth. It unreservedly pledges its organization and the undivided effort of its membership to the single and paramount cause of civil liberty and invites the cooperation and support of the independent and liberal-minded citizens of all parties.

We demand an unconditional repeal of the existing election law, under the terms of which individual citizens have been denied the right to vote and whole counties have been deliberately disfranchised without any other consideration than the demand for the prompt enactment in place of this revolutionary statute of an election law that shall absolutely secure to every voter the free exercise of the right of suffrage, and shall guarantee the restoration and permanence of government by the people.

We denounce the course of the Democratic majority in the last General Assembly from the hour of its election to the present, and we demand that the rules in defiance of right and the Constitution down the ballot box, and the attempt to deprive Governor Taylor and Lieutenant-Governor Marshall of the high offices to which they had been elected at the polls.

We insist without reserve that the resolute and patriotic course of Governor W. S. TAYLOR in the face of the usurpation of the office to which the people have elected him, and we pledge him our full support in the prosecution of his course to the end of the term of the Supreme Court of the United States shall have determined the great question whether the Government of the United States is to make good its guarantee of a republican form of government to every State in the Union.

We no less emphatically endorse the official action of the Lieutenant-Governor, John Marshall and all of the other Republican state officers who have fought bravely to the end for the preservation of government by the people.

We think the independent men of Kentucky, who, regardless of former party affiliations have united with us in this contest for the restoration of civil liberty, poor souls, who have an untrammelled ballot, and ask their continued aid in fullest confidence that by our united civil and political liberty will be restored and thereafter the sovereignty of the people be disclosed at the polls shall be obeyed.

We fully endorse the resolutions taken and the votes cast in the National Convention of Senator Deboe and Congressmen Fugh and Boree, covering a period of foreign war and important measures arising therefrom. We make no recognition of the faithful, diligent and most able service rendered by Governor Bradley and his legal co-ferees in state and Federal Courts in the pending contest for civil and political rights and the privilege of free suffrage to the people of Kentucky. We request ex-Governor W. O. Bradley to allow the Republicans of Kentucky to present his name at the coming National Republican Convention for the high position of Vice-President of the United States.

MORE EVIDENCE.

It is Coming in Rapidly in Mayville.

Evidence on the following subject will prove of interest to every Mayville reader. So many people go through the same experience daily. This statement should be proof positive to every wavering doubter. Read it carefully:

Mrs. W. R. Woodward, residing at West End near Pogue's Distillery, says: "Pains in the back and other evidences of a disturbed condition of the kidneys were quickly and thoroughly cured by the use of Dr. HARRISON'S Pills which I got at J. J. Wood & Son's Drugstore, corner of West Second and Market streets. There is no reason why ladies should suffer from backache and kindred troubles when such a reliable and effective preparation can be had."

LULL IN THE SILENCE

Street Cars Were Run in St. Louis Without Being Molested in Any Way.

WERE CROWDED WITH PASSENGERS.

Not One Car Was Run But What Had Police Protection, Although It Was Not Needed.

Three Weeks of Rioting and Turmoil, and the End or Settlement of the Trouble Seems as Far Away as Ever.

St. Louis, May 25.—This is the 21st day of the street railway strike, and the end seems as far away as ever, both the Transit Co. and its employees standing firm in their respective positions. Not a car on the transit Co.'s system has been run since the strike began under police protection. In consequence of there not being enough police to guard the 300 or more cars usually operated, less than a quarter of that number have been run by the company over only a part of its 22 divisions and lines.

Since May 8, when the strike began, there have been numerous collisions between the police and strikers, and the latter's sympathizers. Hardly a day during that time has passed without somebody being wounded by bullets or injured by the strikers and police clubs. The list of casualties presents four persons shot and killed, 22 wounded by bullets and 30 or more injured by the strikers. Two of the killed were innocent bystanders, a striking motorist and an emergency policeman completing the number. Several of the wounded are in a critical condition and may die. It is estimated by the strikers that less than fifty of their number (3,225) who struck have returned to work. These, with the street car men imported from other cities, are operating the Transit Co.'s cars. It is ascertained that at least 50 of the imported men have joined the strikers.

All the points of issue between the company and its striking employees have been agreed to except that the reinstating all the men who went out in their old positions. The company refuses to displace the men they have hired since the strike began, while the strikers decline to sign any agreement that does not give all the old men their places again. Several attempts have been made to conciliate the employers and employees together, but without success, and thus the matter stands.

A meeting of citizens has been held in the directors' room of the Merchants' exchange for the purpose of discussing plans for the amicable settlement of the street car employees' strike.

St. Louis was uneventful. The first cars to run over the Transit Co.'s line since May 8, Saturday, were sent out in the morning over the Delmar avenue, Page avenue, Shoulburg avenue, Compton Heights, Park avenue, Leclaire avenue and the street car line.

The day being fair, the cars were crowded from early morning until 1 p.m., when they ceased running, by police going to and coming from the parks and western suburbs. The lines mentioned run east and west, and in consequence the main dependence of those living in the north and south portions of the city was on wagons and busses or the cars of the suburban system, which operates only in a limited area and is controlled by the Transit Co.

As the result of an encounter last night between striking and non-striking employees of the Transit system three men were shot, one being fatally and the others seriously wounded.

Philip Sullivan, James Sullivan and Patrick O'Connell, strikers, were passing through Lafayette park they were approached from the rear and fired upon by three men. One of the men passed through Philip Sullivan's right lung, giving him a fatal wound. James Sullivan received a bad laceration in the left cheek, and O'Connell was hit through the right leg. Accounts of the affair differ some bystanders claiming that it was a deliberate attempt at assassination on the part of the company's new employees, while others aver that it was a pitched battle between the two parties. The call was at once sounded, but the three unknown men had made their escape by the time the police arrived on the scene.

BATTLE AT KUMASSI.

An Effort to Break the Investing Lines Proves Very Disastrous. Especially to the Enemy.

Accra, May 25.—It is reported that three European officers were killed and Capt. Apin and 100 Hausers were wounded in a recent effort by the Lagos Hausers to break the investing lines of tribesmen at Kumassi.

The Ashanti loss is reported to have been great, as the Hausers had, Maxine engaged, although themselves greatly outnumbered. Three hundred Hausers are said to have been killed in a previous action. The rising is still spreading.

SOLDIERS BUSY

Small Engagements Take Place Almost Daily in Northern Luzon, Philippines.

KILLING OF FORTY-SIX OF THE ENEMY.

Our Troops Landed at Palomar, Misamis Oriental, Under Fire, and Now Occupy the Town.

Brig. Gen. Frederick Funston Acquitted of Having Summary Executed Two Natives in the Province of Zamboanga.

Manila, May 25.—Scouting, small engagements and the capture of arms and prisoners continue daily in Northern Luzon. Last week's operations by the 7th, 12th, 33d, 44th and 56th regiments resulted in the killing of 46 of the enemy, the taking of 150 prisoners and the capture of 300 rifles and without casualties.

Col. Edward F. Gardin, with three companies of the 26th regiment and bluejackets from the gunboat Helena, landed at Palomar, Misamis island, under the enemy's fire, routed the insurgents and, after an engagement lasting half an hour, occupied the town. The insurgent commander, with 20 officers and 230 men, surrendered on May 20, giving up 100 rifles. An important success occurred on the plaza when the prisoners were disarmed and liberated. The islanders were found suffering from lack of food owing to the action of the American authorities are endeavoring to relieve them.

These reigns, and no trouble is expected in Manila, although the city is crowded with people from the provinces and were leaving the unprotected hamlets in order to avoid the constant threat of the insurgent leaders, as well as robbery and outrages at the hands of roving insurgents and bandits.

The investigation of the charge against Brig. Gen. Frederick Funston of having summarily executed two natives in the province of Zamboanga has resulted in a discontinuance of the proceedings. It developed the fact that Gen. Funston caught the natives in the act of murdering bound Moros and their action in view of the circumstances being regarded as justifiable.

CRISIS IN PEKIN.

Foreign Troops Must Be Sent There in Order to Protect the Legations and Foreigners.

Shanghai, May 25.—Reports received here indicate that the affairs around Pekin are extremely critical owing to the defeat of the government troops by the "Boxers." It is now regarded here as certain that foreign troops must be sent to Pekin to protect the legations, while the withdrawal of missionaries from the interior is being urged.

Large portions of the province of Pe Chi Li and Shan Tung are in a state little better than absolute anarchy, and disorder is spreading throughout the province of Shan-Si in consequence of the encouragement received from the empress dowager.

Demanding an Answer From China. Pekin, May 25.—The diplomatic corps have decided to ask the Young Li Yamen (Chinese foreign office) to define explicitly the measures which the government intends to take in dealing with "Boxers."

Secretary Gage and a party of friends arrived at Old Point on the lighthouse tender Holly, which tied up at the government pier near the Hygeia hotel. Speaker Henderson and several members of the house are here.

ACROSS THE VAAL

Lord Roberts' Forces Are Now Encamped on the North Bank of That River.

JUST IN TIME TO SAVE COAL MINES.

The Boers Have Been Reinforced and Their Front Ends From Laings Nek to New Republic.

The Railway Between Mafeking and Bulweroy Has Been Reopened and Supplies Are Being Brought Into Mafeking.

London, May 25.—The war office has received the following from Lord Roberts: "Vereniging, Sunday, May 27, 1:15 p.m.—We crossed the Vaal this morning and are now encamped on the north bank. The advance troops, which crossed yesterday, were only just in time to save the coal mines on both this and the other side of the river from being destroyed. Our casualties were four."

"Haden-Powell reports that the railway between Mafeking and Bulweroy has been restored and that supplies are being brought into Mafeking. He says the Canadian artillery joined at Heilbron from Beira with incredible rapidity. "Lieut. Webber was taken prisoner at Heilbron a few days ago. He went there on telegraph duty. It was not known that our troops had been temporarily withdrawn."

ADVANCE CONTINUES.

Lord Roberts' Forces Have Sighted the Forward Units Without Opposition.

London, May 25.—The following dispatch, dated at Grootevlei, 23 miles south of Vereniging, Sunday, May 27, has been received:

"Lord Roberts' northern advance force steadily continues, and today the Transvaal hills were sighted. French has secured an excellent flanking position on the northwest. There is something irresistible about this advance. The troops have been splendidly handled, and the Boers, completely outnumbered, have been forced to abandon their positions at the first appearance of the British. The flanking force, which has made a determined resistance at the Vaal impossible. Many Transvaal burghers are now taking to the heels, and it is safe to say that the most irreconcilable Transvaal at last recognize the hopelessness of the struggle."

"Most of the farms in the northern part of the Free State, where the ties of blood with the Transvaal are the strongest, have been deserted. This section has been flooded with false tales of British cruelty, reports of the burning of farm houses and the eviction of women and children. In the hope of inducing the burghers to remain with the commandos, but the evidence all points now to the existence of a permanent feeling of enmity between the Transvaalers and the Free State, each accusing the other of treachery and cowardice."

"It is regarded as unlikely that the Transvaal government will go to Grootevlei, where food is scarce. A body of Boers, mostly on foot, are trekking hard toward Vereniging from the direction of Heilbron."

"The condition of the British troops continues excellent, although the cold weather is trying. They are able to march three miles an hour."

"The Boers have destroyed every bridge and culvert. They are to be regarded as fighting north, and the Vaal is a position of great strength, and talk of making themselves impregnable there."

"The British are reported that the population of Johannesburg is in a high state of excitement. The Boers who are passing through northward threaten to blow up the mines, and, in view of their wanton destruction of everything else, it would not be surprising if they carried out the threat."

"The British are more interested, however, in grazing and in the water supply than in the mines."

Boers Reinforced.

Newcastle, May 25.—The Boers in this part of the theater of war are very active, having been reinforced from various directions. Their front now extends from Laings Nek to New Republic, where they are fortifying.

President Kruger Asks Advice.

London, May 25.—President Kruger, according to a special dispatch from Newcastle, has issued a proclamation asking the Transvaal burghers to notify him whether they desire to continue the fight or to sue for peace.

Enemy Recrossed Kuruman.

Barkley West, May 26.—It is reported that the Boers have recrossed Kuruman and that large laagers are located at Rietfontein and Daniel's Kloof.

FORECAST OF CONGRESS.

The Philippine Question and Appropriation Bills Will Occupy the Senate-House Programme.

Washington, May 25.—The time of the session during the present week will be divided largely between the discussion of the Philippine question and the consideration of appropriation bills, with a diversion about the middle of the week in the Clark case. The sundry civil appropriation bill will probably be considered for two or three days more, and by the time that is disposed of the general deficiency bill will be ready for consideration. Neither the deficiency nor the military academy bill, the only appropriation bills undisposed of except the sundry civil, is expected to consume any considerable amount of time. The senate will make an effort to meet the plans of the house in the matter of final adjournment on June 6, but there is a general apprehension among senators that this date may be postponed until the 9th or 11th. In addition to the appropriation bills still undisposed of by the senate, there are still several appropriation bills in conference, and a disposition is manifested on the part of senators not to adjourn until the date of adjournment until these are well out of the way.

The house leaders are figuring that the senate will agree to the house resolution on Monday, Wednesday, June 6, so that much business will be crowded into the coming week. Individual members with belated bills are pressing for recognition and will give some show. Conference reports on appropriation bills will have the right of way. There are half a dozen bills of public importance, including the oleomargarine bill, the anti-entailment bill, the St. Louis fair bill, the Philadelphia museum bill and the bill for the relief of the Indians, that are none of them, save the anti-trust bill and resolution, will be considered.

KILLED BY OUTLAWS.

A Sheriff and Cattle Owner Shot About Fifty Miles North of Salt Lake, Utah.

Thompson's Springs, Utah, May 25.—Saturday at noon Sheriff Taylor, of Grand county, and Sam Jenkins, a cattle owner, were shot and killed by outlaws on Hill creek, about 50 miles north of here. The story of the killings as told by Herbert Day, a deputy sheriff, who was with them, is as follows: The three men unexpected by the outlaws. Sheriff Taylor and Sam Jenkins dismounted and started to walk up the hill. When a short distance from them the sheriff spoke to them, saying, "Hello, boys." They had left their guns on their horses when they dismounted, and as they turned to go to their horses they were shot at. Day at once started for assistance, and came here, where he told his story and telegraphed Gov. Wells for aid.

The clothes of both girls were almost burnt from their bodies.

Democratic Platform in the Seventh Congressional District.

Louisville Evening Post, May 16th.

In the Seventh District Mr. South Trimble is the Democratic platform. Saturday the Democratic committee called a Congressional primary, and then in order to make sure the nomination of Mr. Trimble it added the following sections:

"Be it further resolved, That no person be allowed to participate in said primary election who did not vote for the Democratic ticket at the last November election, except such persons as have, since such election, become qualified voters and who express their intentions to affiliate with the Democratic party and support its nominees."

This rule excluding all voters from the primary except the Goebellites will draw attention to Mr. Trimble's career. The successor of Crittenden, Breckinridge and Beck has surely opinions about public matters of interest to the public. He has long been in politics, but the only utterance from Mr. Trimble that has attracted public attention is his famous letter, August 3d, 1888.

Trimble was an ardent supporter of the Goebel Bill. When the Election Board of Franklin county was appointed under the Goebel Law, W. E. Thompson was one of the men named as County Commissioner. It was at once said that Thompson would endeavor to do what was right. A few days later, however, it was circulated that Thompson would resign. No reasons, however, were given. In due time it was reported among the Goebel politicians that he had resigned and that Ben Marshall, City Clerk of Frankfort, had been appointed to succeed him. No cause was assigned for Thompson's resignation.

After a time the letter of Mr. Trimble, which brought Mr. Thompson's resignation, was given to the public. It is a remarkable document, and is worth preserving in the annals of the state. It shows Mr. Trimble to be a true-blue Goebellite, representing the political purpose and the moral standards of the Goebellite organization. The letter is as follows:

"FRANKFORT, Ky., August 3d, 1888.
"Mr. W. E. Thompson, Frankfort, Ky.—My Dear Mr. Thompson: I will preface the contents of this letter by saying that you haven't a better friend in Franklin county than I am, and it is my friendship for you that I write this letter. You are indicated by the County Committee as one of the Election Commissioners for this county."

"No better man could have been appointed, but it is an unenviable position, and one that you should not accept. Our country is all right—safe Democratic, but city elections cannot be won with a fair count, and you know that as well as I do. Incomplete, unreliable Republican judges will have to be appointed. The right of the Republicans to indicate who represent them in the county will have to be ignored, and the Election Commissioners will have to do this or do it for I could not conscientiously do so, and know that you would not; therefore, my advice to you is to refuse to accept."

"I had a talk with Judge Pryor on the subject, and he said if you would refuse to act he would appoint anyone that we might indicate, which would be Ben Marshall. You know Ben is so partial that he thinks that anything is right that helps the Democrats. Think this matter over and use your best judgment, and if you decide not to accept, write to me immediately and I will have the change made. I will also see that your interests are represented in the appointments of officers on your side of the river. Let me hear from you at once. Sincerely your friend, SOUTH TRIMBLE."

Mr. Trimble is entitled to the support of all men who approve of the kind of politics here set forth. We hope no one else will vote for him. Trimble, representing the Seventh District in Congress, measures the decline of the Democratic party in Kentucky.

Cured a Running Sore.
